Hi Erik,

I wanted to touch bases with you regarding the work plan for Crandall Canyon this summer. Kevin and I would be available this Wednesday anytime or next Monday after 9:00 AM. If either of those dates work for you, let me know and we'll try and get something scheduled. If those dates don't work, let me know what would and we'll go from there.

Thanks,
Steve

Hi Steve...I am OK with you working directly with Erik on the work plan. I suggest you and Erik schedule a get-together that works for both of you. I don't think I need to be involved with the work plan since Erik is handling that task. Thanks

Dave

Good afternoon,

I wanted to touch bases on the proposed work plan for the upcoming field season. We didn't get a chance to discuss it on Tuesday afternoon so I'm wondering when you two might be available.

It appears that the general consensus at the Division is that we can talk about the work plan without legal

counsel present. If so, I'd like to schedule a time to discuss it in the near future. If that is not the case, then I would suggest that we discuss the work plan at the next negotiation meeting in two weeks.

Thanks,
Steve
