Hi Dana,

Thanks for sending that over. I've talked to Karl and got him up to speed on the bulk storage tank installations. If you would, shoot Karl and I an e-mail when the tanks are up and running with the chemical and we'll get somebody out to document it. Once we get that done, the coagulant cost issue can be put to rest.

Thanks again,
Steve

p.s. Karl will be out of town the week of September 19th. If it's that week that you get everything plumbed in and working, I'll run down and do the inspection.

Hello Steve,

Here is the quote on the bulk pricing for Nalco 8187 chemical.

Please let me know if you need any other information.

Thank you,

Dana Marrelli
