**RE: Extension Request – Revised Probable Hydrologic Consequences Update,  
Genwal Resources, Inc., Crandall Canyon Mine, C/015/0032, Task ID #3903**

Dear Mr. Haddock:

On behalf of Genwal Resources, Inc. (“**Genwal**”), we request that the Division revise its January 30, 2012 determination regarding Genwal’s update of the Probable Hydrologic Consequences (“**PHC**”) at Crandall Canyon Mine, Task ID #3983. The Division’s January 30, 2012 determination should be amended to reflect the Board’s March 6, 2012 Findings of Fact, Conclusions of Law and Order in Docket No. 2010-026, Cause No. C/015/0032. See, e.g., the Division’s requested changes to the PHC, paragraph 3, page 12; paragraph 1, page 15; paragraph 3, page 24; paragraph 12, page 23; paragraph 3, page 22. Genwal requests that the Division’s revised letter regarding Task ID # 3983 provide Genwal with an additional 30 days to respond from the date of the letter.

In addition, as we have discussed, the Board’s Order is currently pending reconsideration at the Board hearing on April 25, 2012. Once the Order is final, Genwal would like to meet with the Division to confirm the status of any remaining tasks to address Division Order 10-A.

We appreciate your consideration in this matter.

Very truly yours,

Denise A. Dragoo
