Priscilla and I will mark the locations for the excelsior logs on Tuesday. Priscilla has marked the trail already. We will work in reverse order. They are moving logs into the area today for placement tomorrow. Priscilla and I will be on site tomorrow. Once the logs are in place the trail will be improved to the saddle. Lastly the mini track will back out pulling the trail in to a narrow width. Then last of all seeding. We should be done by the end of the week or first of next week by the latest.

If you have any questions please call.

Thanks

Jay

Thank you for cc'ing me with this report Priscilla. Jay, I was wondering if you know what your plans are yet as far as taking the mini track-hoe out and doing the remainder of the trail work?

Thanks,

Kyle Beagley
