Nature of condition, practice, or violation:
The Division finds 4 months to replace a defective dissolved oxygen field meter and 42 days to replace a flow meter used to calculate chemical injection rates does not meet the standard of immediately taking action in response to a noncompliant condition. Also, the Division finds the Permittee failed to promptly notify the Division of either of these non-compliant conditions. Submission of data on the MRP time schedule is not prompt notification of non-compliance.

Provisions of Act, regulations, or permit violated:
R645-731.223 - When the analysis of any surface water sample indicates noncompliance with the permit conditions, the operator will promptly notify the Division and immediately take the actions provided for in R645-300-145 and R645-301-731.

This order requires Cessation of ALL mining activities. (Check box if appropriate.)
