<b>Title:</b>	<b>BOND CALCULATIONS FOR BURMA POND FENCE</b>

**Reclamation Plan**

**Bonding Determination**

*Analysis:*

The application includes updated bonding estimates for the removal of the fence around the Burma Pond. Pages 1, 2, and 52 of Appendix 5-20 were modified to include the fence.

No additional bond needs to be posted at this time due to the fact that the mine currently has excess bond in the amount of \$41,000. The total estimated reclamation cost is now \$2,286,000.

The estimated cost for fence and gate removal are \$9,964 and \$185, respectively. The Division agrees with the operators unit cost estimates for fence and gate removal.

The application should be approved as submitted.
