Citation #: 10105
Permit Number: C0150032
Date Issued: 03/18/2013

NOTICE OF VIOLATION **CESSATION ORDER (CO)** **FAILURE TO ABATE CO**

Permittee Name: GENWAL RESOURCES INC	Inspector Number and ID: 54 SCHRISTE
Mine Name: CRANDALL CANYON MINE	Date and Time of Inspection: 03/14/2013 11:30 am
Certified Return Receipt Number: 7004 2510 0004 1824 6930	Date and Time of Service:

Nature of condition, practice, or violation:
 The Permittee failed to maintain adequate storage capacity within the primary sediment pond.

Provisions of Act, regulations, or permit violated:
 R645-300-142, R645-300-143, R645-301-742.221.33

This order requires Cessation of ALL mining activities. (Check box if appropriate.)

SEE REVERSE SIDE Of This Form For Instructions And Additional Information

IMPORTANT – READ CAREFULLY

Pursuant to the Utah Coal Mined Land Reclamation Act, Utah Code Ann. § 40-10-1 et. seq. (Act), the undersigned authorized representative of the Division of Oil, Gas, and Mining (DOGGM) has conducted an inspection and found that a Notice of Violation or Cessation Order must be issued.

This order shall remain in effect until it is modified, terminated or vacated by written notice of an authorized representative of DOGGM.

1. PENALTIES.

Proposed assessment. DOGGM assesses fines based upon a proposed recommendation by an assessment officer. If there is additional information you wish DOGGM to consider regarding the cessation order and proposed fine, please submit that to DOGGM within *15 days of the date this notice or order is served on you or your agent*. Such information will be used by the assessment officer in determining facts surrounding the violation(s) and amount of penalty. Once DOGGM has determined the proper penalty, it will serve the proposed assessment on you or your agent, no later than 30 days of the issuance of this notice or order. See Utah Admin. Code R645-401-600 et. seq.

The penalty will be final unless you or your agent file, within 15 days of receipt of the proposed assessment, a written request for an informal hearing before the assessment officer.

Assessment. For each violation included in this notice, a penalty of up to \$5,000 may be assessed for each separate day the violation continues.

If you fail to abate any violation within the time set for abatement or for meeting any interim step, you will be assessed an additional minimum penalty of \$750 for each day of continuing violation beyond the time set for abatement. You will be issued a Cessation Order requiring cessation of surface coal mining operations or the portion of the operations relevant to the violation.

2. INFORMAL PUBLIC HEARING.

On the reverse side of this page, an authorized representative has made a finding as to whether or not this notice requires cessation of mining. If this order or notice requires cessation of mining, expressly or in practical effect, you may request that an informal public hearing be held at or near the mine site. If you wish an informal public hearing be held, please contact an authorized representative from DOGGM. See Utah Admin. Code R645-400-350 et seq. Once an informal public hearing is scheduled, you will be notified of the date, time, and location of the hearing.

If this notice requires cessation of mining, it will expire within 30 days from the date you are notified unless an informal public hearing is held or waived, or the condition, practice, or violation is abated within the 30-day period.

3. FORMAL REVIEW AND TEMPORARY RELIEF.

You may appeal this notice or order to the Board of Oil, Gas, and Mining by submitting an application for hearing within 30 days of receipt of this notice or order. See Utah Admin. Code R645-300-164.300. Please submit the application for hearing to:

Secretary
Board of Oil, Gas, and Mining
1594 West North Temple, Suite 1210
PO Box 145801
Salt Lake City, Utah 84114-5801

If applying for a formal board hearing, you may submit with your petition for review a request for “*temporary relief*” from this notice. Procedures for obtaining a formal board hearing are contained in the Board’s Rules of Practice and Procedure and in Utah Admin. Code R645-401-800 et. seq.

4. EFFECT ON PERMIT.

The permit may be suspended or revoked if it is determined that a pattern of violations of the Act, regulations or permit conditions exists, and that the violations were caused by an unwarranted or willful failure to comply.

For further information, consult Utah Code Ann. § 40-10-20 through 40-10-23 and Utah Admin. Code R645-400-300 et. seq. and R645-401 et. seq., or contact the Division of Oil, Gas, and Mining at (801) 538-5340.

Crandall Canyon NOV #10105

Action(s) required:

Within 45 days of receipt of the NOV, the Permittee must complete the following:

- (1) In accordance with the approved UPDES Permit, decant all water from the sediment pond and remove all accumulated sediment and sludge material.
- (2) Establish a minimum of three sediment clean-out markers within the sediment pond (elevation of 7,769'). The markers must be easily viewed and clearly show the sediment clean-out level.
- (3) Re-establish/verify the 10-year, 24-hour design storm reference marker (elevation of 7,773.2'). The marker must be easily viewed and clearly show the pond elevation necessary to contain the 10-year, 24-hour design storm event.
- (4) Revise Plate 7-3, Crandall Canyon Mine Genwal Pond (As-Built) of the approved MRP to clearly identify the locations of the sediment markers and the 10-year, 24-hour design storm reference marker.
- (5) Revise Appendix 7-4 and Appendix 7-65 of the approved MRP with a narrative that discusses the sediment markers and 10-year, 24-hour design storm event marker. The discussion must include a commitment that clean-out operations will be initiated at the sediment pond based upon inspection of the sediment markers and that at no time will the water level in the sediment pond be allowed to surpass the 10-year, 24-hour design storm event marker. The Sediment Pond Summary of Appendix 7-4 (found on page 36) and the Maintenance section of Appendix 7-65 (beginning on page 6), would be logical locations for the revisions.
