Hi Jay,
I have talked to Steve Christensen about the extension request. We agreed to allow you an additional 30 days to complete the abatement. That means you will have until June 3, 2013 to get things taken care of. Steve will be sending you a Modification that will extend the time. Good luck with your pond cleaning.
Regards,
Daron

<<update letter.pdf>> Daron:

Attached is an update to the pond cleaning at Crandall.

If you have any questions please call.

Thanks

Jay
