Request for Deadline Extension for Task ID #5067 Midterm Completion Response

Dear Mr. Haddock,

On March 21st, 2016 The Division reviewed the Midterm Response for Genwal Resources Inc. and determined a list of deficiencies to be addressed. One of these deficiencies is in regards to bonding updates that were in need of discussion with your staff. Several attempts have been made to schedule a meeting with Cheryl Parker and our Consultant to discuss and finalize these bonding deficiencies, however due to scheduling conflicts, the soonest meeting date is scheduled for April 26th; and the deadline to resubmit said deficiencies is April 25th. Due to these scheduling difficulties, UtahAmerican Energy respectfully requests a deadline extension regarding the permit application.

I appreciate your patience and help in the matter. If you have any questions or problems with this request, please feel free to call me directly at 435-888-4042.
