Subject: Midterm Review Completion Response, Andalex Resources, Inc., Crandall Canyon Mine, C/015/0032, Task ID #5247

Dear Ms. Madsen:

The Division has reviewed your application. One deficiency remains that must be addressed before final approval can be granted. The deficiency has been identified under the Right of Entry requirements of the State of Utah R645 Coal Mining Rules. We are aware of your efforts to resolve this matter and thank you for your diligence. We further understand that you have submitted an application for a Special Use Permit from the USDA Forest Service-Manti La Sal (the Forest) and that it is currently being reviewed.

Once the Forest has granted a Special Use Permit that allows right of entry for the surface facilities and disturbance located in Lot 6 of Section 5, T. 16S, R73 (approximately 6.278 acres), please formally submit the document to the Division for subsequent review and approval. Once Division staff has verified the Special Use Permit, approval will be granted for the Midterm Review Completion Response.

If you have any questions, please call me at (801) 538-5325 or Steve Christensen (801) 538-5350.

Sincerely,

Daron R. Haddock  
Coal Program Manager

## Technical Analysis and Findings

### Utah Coal Regulatory Program

**PID:** C0150032  
**TaskID:** 5247  
**Mine Name:** CRANDALL CANYON MINE  
**Title:** MIDTERM COMPLETION RESPONSE

#### General Contents

#### Right of Entry

##### *Deficiencies Details:*

The amendment does not meet the State of Utah R645-301-114 requirements for Right of Entry Information.

The Permittee must provide the Special Use Lease which grants Right of Entry information for surface facilities and disturbance area located in Lot 6, of Section 5, T.16S., R.7E (approximately 6.278 acres) as shown as the red polygon on plate 2-3. The Division understands this is pending approval from USFS.
