August 30, 1991

Mr. Al Foster, President
Garfield Coal Company
Star Route
Panguitch, Utah 84759

Dear Mr. Foster:

Re: Application for Permit, Garfield Coal Company, Davies Coal Mine, PRO\017\009, Folder #2, Garfield County, Utah

The Division was pleased to meet with you on August 20, 1991 for the purpose of receiving your application to permit the Davies Coal Mine in Garfield County.

A cursory review of your application has been conducted and it appears to be lacking in a number of areas, especially in regard to baseline data collection and the operation and reclamation plans for the mine. At this time we have kept one copy of your application for our files but are returning the remaining copies for your further attention. We are also enclosing a copy of the current Utah Coal Mining Regulations which should help you in completing your application. Please notice that these rules were recently enacted on April 12, 1990 and the old UMC regulations no longer apply. Please review these regulations carefully to insure that all of them have been addressed. When you have completed all of the requirements, please resubmit your application and include the \$5.00 application fee.

The Division will be happy to render any assistance we can in helping you complete the permitting process. Please feel free to call if you have any questions or concerns.

Sincerely,

Lowell P. Braxton
Associate Director
