To : Chief, Minerals Adjudication Section Date: APR 13 1984

FROM : Chief, Branch of Mining Law and Solid Minerals

SUBJECT : Extension on coal prospecting permit U-0145657
prior to making initial showing, Hiko Bell Mining
and Oil Company

Although technically, Hiko Bell may have been extended ample time to complete the exploration, to avoid any question of an arbitrary decision, we recommend that Hiko Bell be allowed the 1984 season to complete its prospecting on the subject permit.
