Subject: Cultural Resource Management Plan, Data Recovery Plan and Excavation Permit Application, Coal Hollow Project, Alton Coal Development, Coal Hollow Mine, C/025/0005, Outgoing File

Dear Ms. Hunsaker:

The Division of Oil Gas and Mining (DOGM), is requesting that you continue your assistance to our Coal Program in the review of the Cultural Resource information, (Cultural Resource Management Plan, and Data Recovery Plan), for the Alton Coal Development Coal Hollow Mining and Reclamation Plan. As noted in your e-mail dated March 13, 2008 your continued review of this Cultural Resource information along with the excavation permit application that was included with the Data Recovery Plan could create a potential conflict of interest with your responsibilities as Archaeological Permitting Analyst. In light of your current knowledge of this project and rapport with the SHPO and other government resource specialists we feel your continued participation in the review of this application would be a complement to our permitting process. If you have any questions, please call me at (801) 538-5325 or Joe Helfrich at (801) 538-5290.

Sincerely,

Daron R. Haddock
Permit Supervisor
