Subject: Coal Hollow baseline water monitoring information ready for Division upload
Attachments: Alton EDI.xls

Greetings Jim,

ATTACHMENT NOT PRINTED, MAINTAINED ELECTRONICALLY
ONLY. (Attachment in Date Folder: 12312009)

I hope you had a nice holiday.

This e-mail is to notify the Division that there is additional baseline information in the pipeline that is ready for the Division to upload for the Alton Coal Development, LLC Coal Hollow Mine project. Would you please upload it.

Also, could you please manually update the sites/parameters listed as indicated. It has come to my attention that there were some previous problems with the laboratory generated automated csv upload files and these parameters did not upload properly.

Thanks for your help Jim.

Erik
