Subject: 0250005 Coal Hollow Task 4000, Addendum to Appendix 3-5

Hello Kirk,

This email is in reply to our telephone conversation this afternoon. You requested that I follow up on a couple issues related to your recent submittal Addendum to Appendix 3-5 (received 1/23/2012, Task 4000).

I just spoke with Joe. He is aware of that App. 3-5 is the mitigation plan required for abatement of the NOV and has already provided copies to the DWR for their information.

Joe was aware of your email request (to Daron) for an extension time to comply with the remaining abatement measures and, in Daron's absence, has forwarded that request to Division management.

Joe will be calling you soon to discuss the above issues and to coordinate a meeting with wildlife agencies.

We hope to get this matter resolved quickly and appreciate your efforts in that regard.

Priscilla.
