Hello All,

We received the above-noted application on 7/31/13. The IR has been completed. The team has been assigned according to those requesting additional information on completion of the 2012 Annual Report Review.

The technical review is due 8/30/13.

This is being processed as an amendment rather than as supplemental annual report information because it is requesting changes be made to the MRP.

A copy will be placed in the work group folder for review.

Thanks!
