**Modified as follows:**

The abatement time is extended to April 17, 2014 (Full 90 Days Allowed under NOV).  
Submit a new plate titled Plate 5-10B showing High Wall Mining (Auger Mining) scenario.

**Reason for modification:**

The extension comes as directed by Division Management following a written request from Alton Coal Development, LLC dated January 27, 2014 and a phone conference call with Division Management on January 28, 2014. In addition the operator must submit a new plate titled Plate 5-10B which shows the scenario of temporarily leaving Pit #9 open for access of High Wall Mining Unit (Auger Mining) as agreed upon in the phone conference call on January 28, 2014.
