OGM PRICE FIELD OFFICE

Kirk Nichols
Alton Coal Development
463 N 100 West, Suite 1
Cedar City, UT 84721

Dear Kirk:

I am following up on a telephone conversation you had with my staff about the use of Kanab Field Office (KFO) Route 117 by Alton Coal Development vehicles during the reconstruction of a road on nearby private land. KFO Route 117 is an existing road included in our current Travel Management Plan. Therefore, based on the preliminary information you provided, this vehicle activity by Alton Coal appears to qualify as casual use and would not require a right-of-way or other special use permit.

However, because you noted that Alton Coal inadvertently bladed a portion of KFO Route 117 during that project, my staff will visit the area as soon as work schedules allow to make sure no resource values were impacted by this activity. If we discover any issues that need to be addressed, we will be back in touch with you to work out a reclamation schedule as needed.

Thank you for contacting our office and for sharing this information with us. In the future, please be sure to contact us ahead of time if there is any doubt that activities related to Alton Coal might cross onto public land. Your point of contact for rights-of-way issues is Realty Specialist Mark Foley at (435) 644-1278 or mfoley@blm.gov.

Sincerely,

Harry Barber
Field Office Manager
