Drew,

As we discussed at the Bond Release could you make the follow changes to your bond release application:

- Amend Bond release figures to show Dames road
- Amend Bond release figures to utilize bond release section rather than application months in their respective titles
- Amend Chapter 8 to match titles given to bond release sections shown on amended maps
- Provide calculations for culverts installed in the bond release area that meet R645-301-542.400 and R645-301-742.333

We didn't get a chance to look at the bond release area to the far west, over Pit 1A and SW portion of Pit 2 around where the temporary road is located. Could you please send photos of the area along the entire western edge of Pit 1A?

Thanks,

Cheryl Parker, M.S., P.E.
