Reference: North Private Lease Soil Survey

Dear Ms. Burton:

This letter is in response to your request regarding the use of the Long Resource Consultants soil survey for determining the extent of Prime Farmlands in the North Private Lease Expansion. The Long Resource Consultants soil survey is more detailed than the draft NRCS soil survey. It would be appropriate to use the "Order 2 Soil Survey of the North Private Lease Expansion of the Coal Hollow Mine" provided by Long Resource Consultants, Inc.

Sincerely,

A handwritten signature in blue ink that reads "Michael Domeier". The signature is fluid and cursive, with a long horizontal stroke at the end.

MICHAEL DOMEIER  
State Soil Scientist
