Hi Everyone,

As discussed in our meeting with Alton on May 5, they have handed in a draft of the abatement for 21164 for us to informally review to see if anything big is missing. They got that in yesterday and I believe Daron has forwarded to all of you. I don't know people's schedules this week, but it would be good to get back to them asap. Under authority from John Baza I am suspending the due date of May 31, depending on when we get back to them.

Thank you for your hard work.

Dana
