Hello Kirk,

I have modified Notice of Violations 21163 and 21164 to allow abatement to be completed on February 16, 2016. That is a month from the original date of issuance. If you are not able to complete the abatement in that timeframe, you will need to make another request to me for additional time. Please keep in mind that the information requested through these violations is critical information for ACD's mining and reclamation plan and bond.
