Subject: Returned and Denied Response to Inspection, Alton Coal Development, LLC, Coal Hollow Mine, C/025/0005, Task ID #5075

Dear Mr. Nicholes:

The As-Built received on February 1, 2016 was field checked on March 3, 2016 and found to be incorrect. Therefore application is being returned, denied.

On March 9, 2016, Notice of Violation 21165 was issued as a result of failure to provide an accurate, certified underground mine surface facilities map and failure to provide an accurate certified map of the underground mine water diversion, collection, conveyance and treatment structures.

Modification of NOV 21165 (sent separately) will require that the narrative in MRP Chap. 5, Sections 526.220 and 526.300 reflect information such as buildings and drainage controls shown on as-built drawing 5-3B.

Sincerely,

Daron R. Haddock  
Coal Program Manager
