Hi Kirk,

I received your request for an additional two weeks to respond to the annual report deficiencies. An additional two weeks (new due date of July 30th) to respond will be fine.

Regards,
Steve

Hello Steve,

Alton Coal received the 2019 Annual Report Review on July 2 with a response for additional information required by July 16, 2020. Although ACD has been diligently working to providing the requested information, with the additional workload of those that are providing the information, 2 weeks is not sufficient. ACD is requesting an additional 2 week or until July 30th to provide the response to requirements of the 2019 Annual Report. Your consideration in this matter is greatly appreciated.

Thanks,

Kirk
