Dear Mr. Feight:

Subject: Environmental Analysis for Convulsion Canyon Mine SL-062583,
U-062453, and U-0149084

As outlined in the USGS memorandum July 9, 1976, Environmental Analysis Procedures and Guidelines, we are preparing an Environmental Analysis for the Mining and Reclamation Plan.

Enclosed is a copy of the Mining and Reclamation Plan. The proprietary information has been removed, and access to it will be controlled by our office. A joint inspection has been planned with the Forest Service on April 19, 1977, at the mine office in Salina at 9 a.m. Your participation at this meeting will be appreciated. Any input you have concerning this operation will be incorporated into the E.A. We ask that if you do prepare a report, that we receive it within 45 days.

Sincerely yours,

Ralph J. Blumer
Mining Engineer
