Dear Mr. Mortensen:

You will notice in the enclosed letter to Mr. Blumer of the U.S.G.S., that we have stated our concurrence with the Mining & Reclamation Plan for the Convulsion Canyon Mine.

In order for us to give final approval for this operation and recommend to the Governor that he do the same, we will need a completed MR-1 Form from you. We ask that you complete the enclosed form and return it to us at your earliest convenience. We will then issue tentative approval and publish a notice of same in the Salt Lake City newspapers and those in Sevier County. A thirty day waiting period is required subsequent to this one time only publishing in order to solicit responsible public comment. If no public objections of substance are filed with this Division, we can then issue final approval.

Please contact me if you have any questions on this procedure.

Yours very truly

DIVISION OF OIL, GAS, AND MINING

BRIAN W. BUCK  
ENGINEERING GEOLOGIST
