Re: Southern Utah Fuels Company  
Convulsion Canyon Mine  
Lease Number U-28297

Dear Murray:

The Division has received notice that a current mining and reclamation plan is available for public review for Southern Utah Fuel Company's Convulsion Canyon Mine. The plan apparently provided information additional to the mining and reclamation plan which this Division now holds for this operation. If I am not mistaken the Cooperative Agreement signed during October by Governor Matheson and Secretary Andrus provides for a coordinated review of mining and reclamation plans. This letter is to inform you that the Division does not have a copy of the new mining and reclamation plan for the Convulsion Canyon Mine and hereby requests same from you so that the coordinated review can commence.

Sincerely,

RONALD W. DANIELS  
COORDINATOR OF MINED  
LAND DEVELOPMENT
