Dear Jack:

I want to thank you and Ron for taking time from your very busy schedule to accompany Don Crane, Vernal, and I on an on-site tour of our Southern Utah Fuel Company and Skyline facilities.

We sincerely appreciate the personal consideration shown by you both in reviewing our two mining operations.

Hopefully, the detailed/minor modification/proposals we left with you pertaining to the Skyline operation are adequate for you to give final approval. Should you have further questions, please feel free to contact Allon Owen at our Midvale office or myself.

Again, thank you for giving us the opportunity to give you an on-site update and a review of the minor modifications at our Skyline facility.

Sincerely yours,

John M. Garr, Manager
Governmental & Public Affairs
