RE: DOC/TD Mining Plan Review--Supplemental Submittal

Dear Jim:

Enclosed are seven copies of the abatement given to your office to show adequate sediment pond volume. Rick Summers of your staff requested that the abatement should become part of the mining plan.

The attached three pages numbered 47c-1 through 47c-3 should be inserted immediately behind page 47c in Volume 8 of your M&RP copies. The exhibit 83-5 should be added immediately behind exhibit 83-4. In addition to the seven copies submitted to your office herein, we are sending sets of this supplement to the agencies shown below.

Yours very truly,

Vernal J. Mortensen
Vice President,
Utah Operations
