Mr. Lowell Braxton
Division of Oil, Gas and Mining
355 West North Temple
3 Triad Center, Suite 350
Salt Lake City, UT 84180-1203

Dear Mr. Braxton:

Southern Utah Fuel Company requests Division approval to construct a fence along the stock trail that runs through our permit area past the substation. The Forest Service and Cattleman's Association are requiring us to help them construct the fence this fall. This means we will need your approval right away to be able to put the fence up before the weather gets bad. The fence consists of a drive through gate for access up the stock trail to our substation and the fence will be constructed of square wire fencing on steel and cedar corner posts with a strand of barbed wire along the top. A map is enclosed showing the proposed fence line location.

Should you have any questions or concerns pertaining to this project, please contact me at 637-4880 at your earliest convenience.

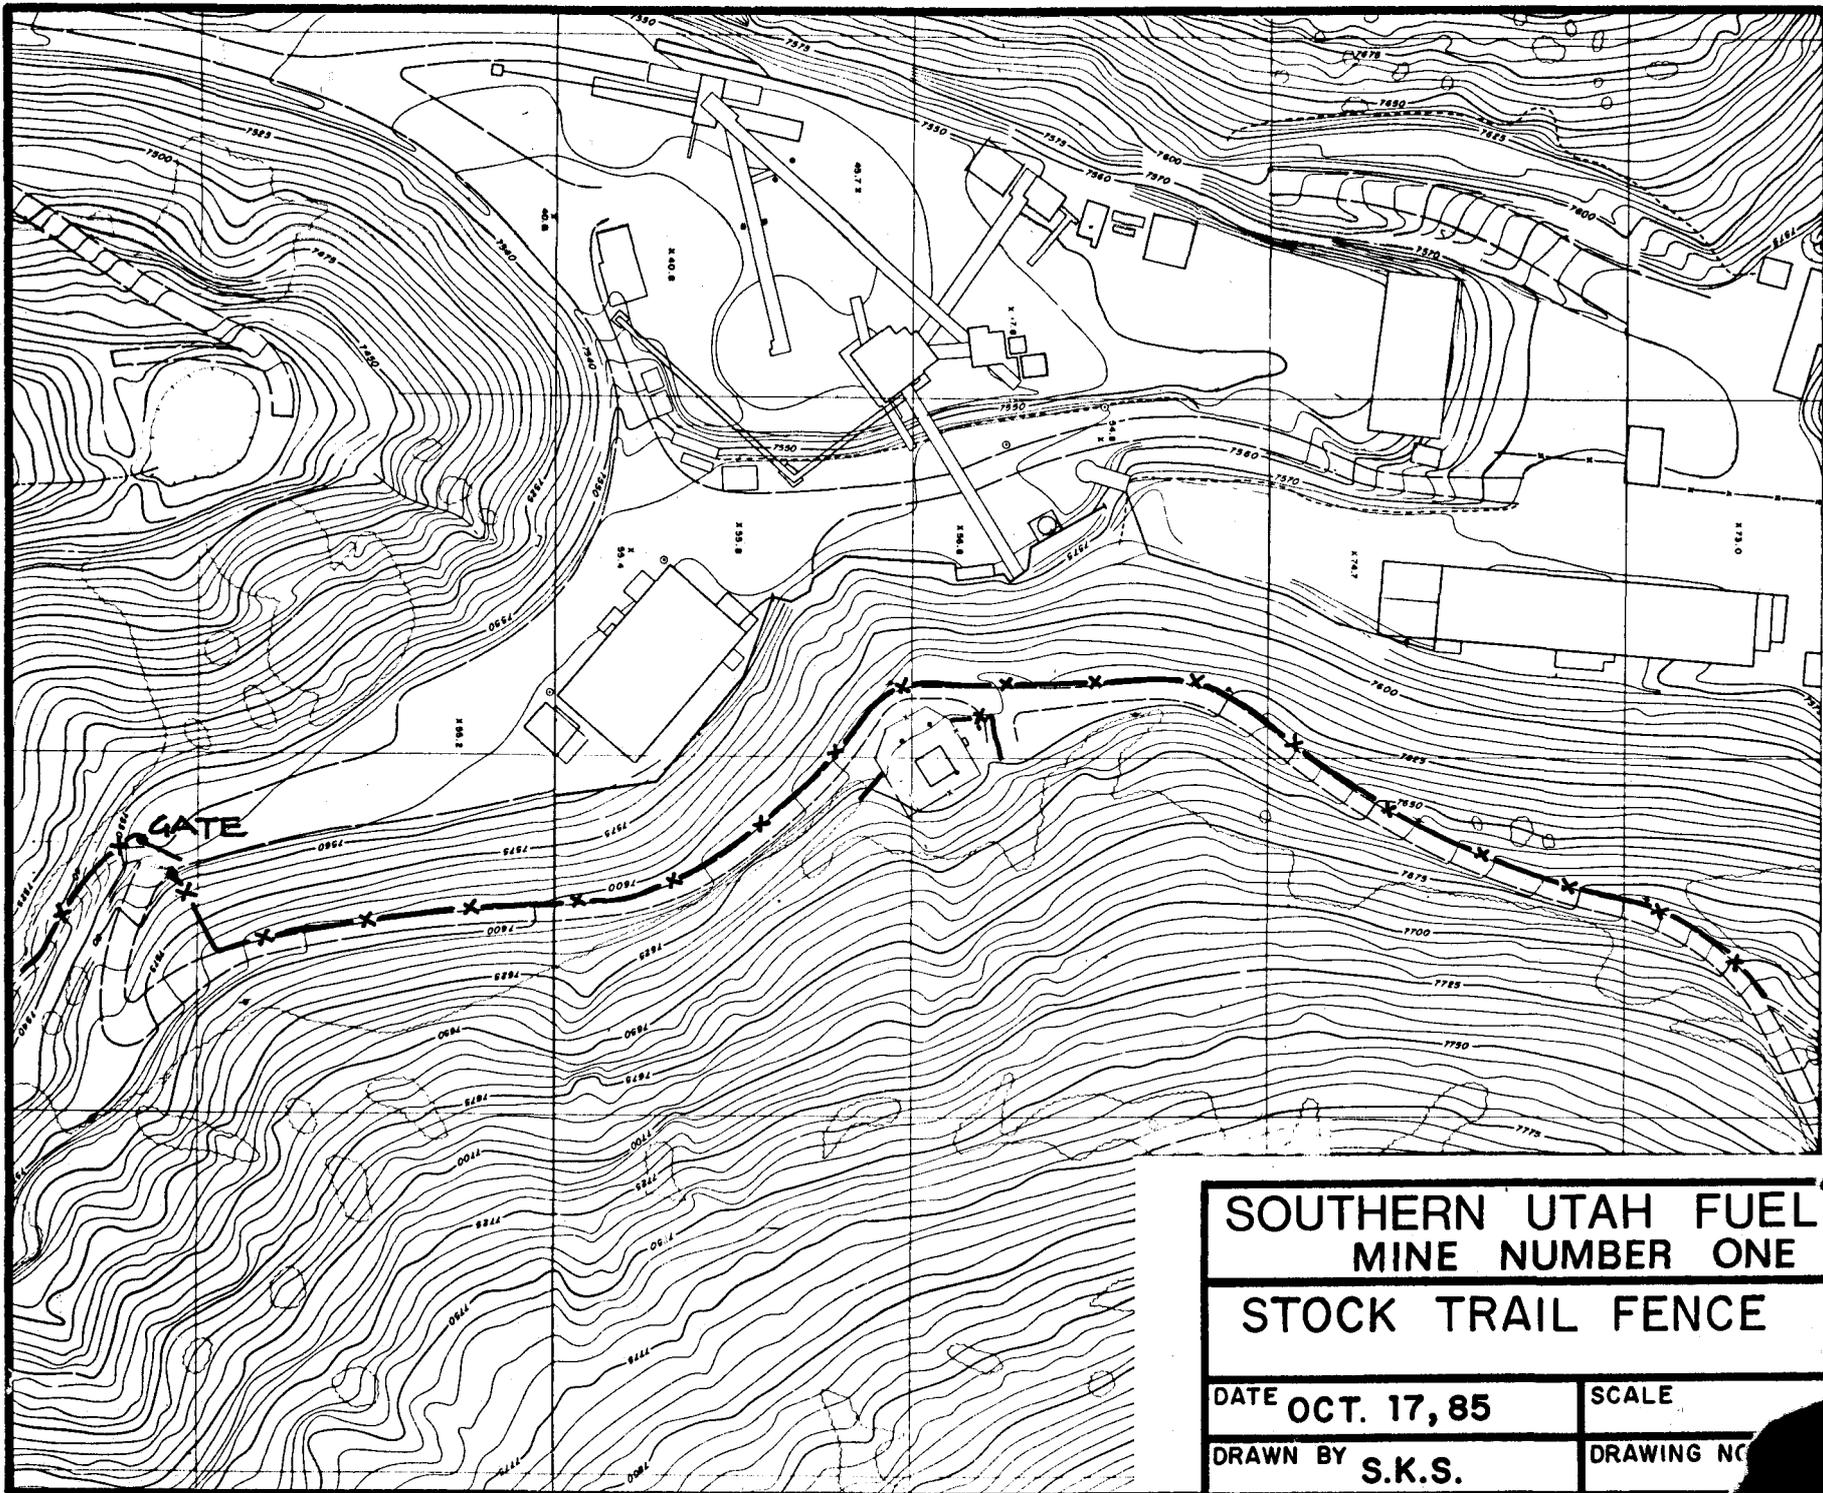

Sincerely,
SOUTHERN UTAH FUEL COMPANY

Mike Davis
