Dear ^{Lowell} ~~Mr.~~ Braxton:

RE: Reclamation Bond Estimate, Southern Utah Fuel Company, Convulsion Canyon Mine, ACT/041/002, Folder #2, 5, Salina County, Utah

We are currently working with our bonding broker in Houston to increase the Southern Utah Fuel Company reclamation bond from \$138,950 to \$1,099,000. This is in response to your August 27, 1986 letter. In order to accomplish this, it is necessary for both Coastal and our bond broker to make revisions within the overall Coastal bonding system.

Consequently, we need more time to revise Southern Utah Fuel's reclamation bond. We respectfully request an additional 45 days to submit the revised bond. Therefore, you should receive it no later than December 2, 1986.

Sincerely,
SOUTHERN UTAH FUEL COMPANY

Sue: Since we have no permit to offer Surfas at this time, I don't have a problem with this, although it looks like Kerry used 45 working days rather than calendar days which had been my intent in the telephone discussion
