Dear Lowell:

We have reviewed the results of the Raptor Survey conducted on April 14, 1987; Stipulation Response, PAP Amendment, Modification of Subsidence Zone, Southern Utah Fuel Company, ACT/041/002-86A, Folder No. 2, Sevier County, Utah.

The raptor nests that were located during the survey are located within the Fishlake National Forest. The Fishlake National Forest must be contacted for their information and comments.

The survey information needs to be included into the Mine and Reclamation Plan.

Sincerely,
