Dear Dr. Nielson:

Enclosed is an application for an underground development waste disposal site for Southern Utah Fuel Company. This application is a modification of our M&RP. The site is planned to occupy about 10 acres of a 40 acre quarter section owned by Southern Utah Fuel some 6 miles west of the mine-site. This site is ideally located to minimize any hydrologic impacts associated with the waste rock disposal site.

Please process and approve this application for a waste rock disposal site as a modification to Southern Utah Fuel Company's M&RP. Fourteen copies are included for your distribution to the necessary regulatory authorities.

Sincerely,
SOUTHERN UTAH FUEL COMPANY
