Dear Ms Linner:

The Utah State Historic Preservation Office has received for consideration the above referenced project. We note that this document is in response to the initial review document for the waste rock disposal site for the Convulsion Canyon Mine in Sevier County. We note that this response contains no new information regarding cultural resources, therefore we have no comment on the document. Please refer to our letter of January 21, 1988 to D. Wayne Hedburg of your office, in which we concur that there are no known cultural resources eligible for the National Register within the project area.

Sincerely,

A. Kent Powell
