RE: Southern Utah Fuel Co.
Amended plans for new
ventilation portal

Dear Mr. Hedberg:

On behalf of the Division of Environmental Health, I have reviewed Southern Utah Fuel Company's "Amended Plans for a PAP Amendment." New Ventilation Portal, Quitchupah Canyon, Convulsion Canyon Mine, for additional environmental health concerns.

The amendments do not appear to alter our initial comments submitted to you on Dec. 23, 1987. Again, we ask only that SUFCO notify us when construction begins so that we may verify construction methods and erosion protection in the area adjacent to Quitchupah Creek.

Thank you.

Sincerely,

Roger A. Foisy
