Dear Mr. Payne:

Re: Approval of PAP Amendment, Construction of New Ventilation Portal, Quitchupah Canyon, Southern Utah Fuel Company, Convulsion Canyon Mine, ACT/041/002-87B, File Folder #3, Sevier County, Utah

The Division has completed its review of the above-referenced PAP amendment. Revised sections of the plans were reviewed by the Division's technical staff and have been found adequate for approval. We have received review comments from the Manti-LaSal National Forest and the Price District Office of the Department of Health (copies attached). Please provide appropriate responses directly to those agencies to address their concerns. We request that those responses also be copied to this office.

Thank you for your cooperation and assistance in completing this permitting activity. Please contact me, or Susan Linner, Permit Supervisor, should you have questions or concerns pertaining to this approval.

Sincerely,

D. Wayne Hedberg  
Data Management Coordinator
