Dear Mr. Wall:

In regards to our telephone conversation on July 14, 1989, this letter gives written approval from the Division of Oil, Gas and Mining for the filing of applications for public inspection of surface coal mining and reclamation permits with the County Recorder in accordance with Section 40-10-10 of the Utah Code Annotated (1953, as amended). This will allow records to be kept together with those that have been previously filed and available for public inspection.

If we can be of further assistance, please let me know.

Sincerely,

A handwritten signature in cursive script that reads "Lowell P. Braxton".
