Mr. Wess Sorensen  
Southern Utah Fuel Company  
P.O. Box P  
Salina, Utah 84654

Dear Mr. Sorensen:

Re: Mid-Term Review Response, Convulsion Canyon Mine, ACT/041/002,  
Folder #2, Sevier County, Utah

As discussed with you on the phone last week, there are several items that need to be submitted by Southern Utah Fuel Company (SUFCO) before the Mid-Permit Term Review (MPTR) can be considered complete.

These include, maps and narrative describing Small Area Exemptions and Alternative Sediment Control Areas, updating of the water-monitoring plan, and a schedule for submittal of a reformatted Mining and Reclamation Plan (MRP). The Division is reviewing information on subsidence monitoring which was given to Daron Haddock. This was apparently approved but never incorporated into the Division's copy of the MRP. If any deficiencies are found, you will be notified.

Please submit the required items by November 30, 1989 so that the MPTR may be finalized.

If you have any questions, please contact me or Mike DeWeese, Reclamation Hydrologist.

Sincerely,

A handwritten signature in cursive script that reads "Susan C. Linner".

Susan C. Linner  
Reclamation Biologist/  
Permit Supervisor
