Dear Mr. Payne:

Re: Mid-Permit Term Review, Convulsion Canyon Mine, Southern Utah Fuel Company, ACT/041/002, Folder #2, Sevier County, Utah

The Division has reviewed information received November 22, 1989, in response to the Mid-Permit Term Review (MPTR) letter of August 23, 1989, and subsequent discussions held on the mine site.

This response has been found adequate to answer most of the Division's immediate concerns. However, further information or commitments are still required in the areas of surface and groundwater monitoring and certifications (see attached technical review memos). Please submit this information by January 19, 1990.

Feel free to contact me if your need any clarification.

Sincerely,

Susan C. Linner  
Reclamation Biologist/  
Permit Supervisor
