Dear Mr. Dryden:

Re: Approval Recommendation, Notice of Intent to Explore,
Southern Utah Fuel Company, Convulsion Canyon Mine,
CEP/041/002-89A, Folder #3, Sevier County, Utah

The Division received a Notice of Intent to Explore (NOI) from Southern Utah Fuel Company for the Convulsion Canyon area, dated June 12, 1989. The proposed exploration activity will not occur within the approved Convulsion Canyon permit area. Instead, it will occur on federal land, and therefore, your office is the lead agency in issuing the permitting decision.

Division technical staff have reviewed the subject NOI and have determined that the proposed activity will not result in adverse environmental impacts. Accordingly, the Division recommends the NOI be approved by your office.

Sincerely,

A handwritten signature in cursive script that reads "Richard V. Smith".
