Dear Dr. Nielson:

Enclosed is a computer printout of the water quality data for Coastal States' Southern Utah Fuel Company coal mine. The tabulated data and statistical summaries cover the period from 1983 through the fourth quarter of 1989. This document will replace the tabulated data which were previously submitted and should be inserted under the appropriate tabs in your existing binders.

Please note that modified tabs have been included for the Waste Rock Disposal Sites (WRDS) to more accurately correlate the tabulated data with the map.

Sincerely,

Keith W. Welch
