DIVISION OF  
OIL, GAS & MINING

Dear Mr. Haddock:

Rick Summers and Joe Helfrich during their June 7 inspection requested that the Alternate Sediment Control Area (ASCA) information in the Mining and Reclamation Plan (MRP) be updated. The update was to include the total disturbed acreage and the total ASCA acreage as well as the runoff volume for each ASCA. Enclosed are 14 copies of pages 36b and 36c for Volume 8 of the MRP that have been updated to include this information.

Please approve these changes to the ASCA text and distribute the copies to the appropriate plan holders for updating of their copy of Southern Utah Fuel Company's MRP.

Sincerely,  
SOUTHERN UTAH FUEL COMPANY

Ken Payne,  
Vice President and General Manager
