Dear Mr. Payne:

Re: Approval, Soil Test Pits, Southern Utah Fuel Company,
Convulsion Canyon Mine, ACT/041/002, Folder #3, Sevier
County, Utah

The submittal received on July 17, 1990, regarding the above noted project was reviewed and found to be adequate by Rick Summers and myself.

The Division hereby approves the excavation of the soil test pits. Please bear in mind this approval hinges on your implementing the commitments you made in the submittal. Namely; 1) installing sediment control prior to any disturbance, 2) remaining within the disturbed area perimeter markers, 3) filling in the pits, 4) seeding and reclaiming the site if not used for the substation pad.

Please keep us informed of the results of the test and any plans to implement the power substation. Thank you for your cooperation in this matter.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".
