(Comments are Numbered to Correspond with Topics Listed Above)

1. Permits -

Reviewed the new and old MRP design calculations for diversion ditches. The field checks with current designs of diversion ditches are in compliance. The new MRP ditch designs which are expected to be approved by 5/19/92 will be enlarged compared to actual field measurements. Therefore, several diversion ditches must be modified to meet MRP.

4b. Diversions -

The diversion ditches throughout SUFCO property were measured and meet present designs.

8. Noncoal Waste -

The parking lot and hillside by office could use additional cleaning of noncoal waste.

19. AVS Check -

An AVS check was made with no new changes occurring.
