Dear Mr. Frame:

Re: Reclamation Agreement, Coastal States Energy Company, Convulsion Canyon Mine, ACT/041/002, Folder #2, Sevier County, Utah

As per our phone conversation, I am forwarding to you a copy of the most current reclamation agreement that we have on file for the Convulsion Canyon Mine. It appears that your reclamation agreement is current through August of 1991. However, since that time the bond amount has been changed. You will need to update your reclamation agreement to reflect the most recent changes. I have enclosed a new reclamation agreement form for your use. You need only revise those portions which have changed.

We do need to receive an original copy of the bonding agreement executed by the surety. This could be included as Exhibit "B".

Thank you for your help in resolving these issues. Please call if you have further questions.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".
