Dear Mr. Carter:

Enclosed is an application for permit change for Coastal States Energy Company's SUFCO Mine. This permit change is for installing six new power poles as shown on the enclosed Map 5-2B. These poles will be installed adjacent to the existing trail. Minimal vegetation will be removed to install each pole. No topsoil will be removed or collected. Soil disturbance will be limited to installation site of the pole. After the six poles are installed, a single insulated multi-conductor overhead control cable will be installed from the substation to the water tank. This control cable will be used to replace the deteriorating buried control cable that is presently in use and is malfunctioning.

Please approve this permit change such that installation of the six poles can commence prior to August 1, 1993.

Sincerely,
COASTAL STATES ENERGY COMPANY

APPLICATION FOR PERMIT CHANGE

Title of Change: OVERHEAD
Control line to water tank

Permit Number: ACT / 041 / 002
Mine: SUFCO
Permittee: Coastal States Energy

Description, include reason for change and timing required to implement: The current underground control line installed 20 years ago is deteriorating and needs to be replaced. Less environmental disturbance will be associated with installing 6 new poles for an overhead control line. Construction needs to be done summer of 1993.
