Re: Coal Exploration Drilling Program 1994-1996
ACT/041/002-93C

Dear Mr. Sorensen:

Recently, I received correspondence from the Division of Oil, Gas & Mining indicating that SUFCO is anticipating a 3-year drilling program in relation to its coal mining operation. I am writing to clarify the need for you to obtain the necessary water right each year prior to proceeding with this work. This office will be happy to assist in this matter any way we can.

I appreciate the opportunity to comment with respect to this project. We will look forward to working with you in the future.

Sincerely,
