*EXPLORATION*  
*ACT/041/0025-99E*

Dear Ms. Grubaugh-Littig:

Southern Utah Fuel Company proposes to drill five coal exploration holes and run two seismic lines in the Box Canyon area in Sevier County, Utah five miles NW of the town of Emery. A shallow drill hole is also proposed at each drill location to be completed as a piezometer. All holes would be drilled using a truck-mounted rotary drill rig. The holes would be located on Federal coal lease U-76195. Please review this exploration plan (copy enclosed) and provide any recommended conditions of approval to this office. #2

If you have any questions regarding this matter, contact Don Stephens at the Price Field Office (435-636-3608).

Sincerely,

Richard L. Manus  
Field Manager
