Re: Deficiencies in 150 Acre Incidental Boundary Change, Canyon Fuel Company, LLC,
SUFCO Mine, ACT/041/002-IBC98-2, Folder #2, Sevier County, Utah

Dear Mr. May:

The Division has reviewed your application for a 150 acre Incidental Boundary Change (IBC) at the SUFCO Mine. Your application contains some deficiencies that will need to be corrected before we can approve it. Three technical memos have been enclosed which discuss the issues that will need to be resolved.

You should also be aware that the actual lease modification must be approved by the BLM before the Division can approve the application. We will continue to review this application in anticipation of the lease modification being issued. In order for us to keep this in our review loop we will expect a response by no later than March 19, 1999.

If you have any questions, please don't hesitate to call.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".
