RE: First Quarter 2000 Water Monitoring Report for the SUFCo Mine

Dear Mr. Haddock:

As required by the SUFCo Mining and Reclamation Plan, the results of the 2000 First Quarter water monitoring effort are being hereby reported. Due to accessibility problems resulting from snow cover, none of the sites were monitored for the first quarter. If you have questions regarding this report, please contact either Mike Davis at (435) 286-4421 or me at (435) 448-2669. It is our intent to begin submitting the water monitoring data electronically as soon as possible.

Sincerely,

A handwritten signature in black ink that reads "Chris D. Hansen".
